

MAYOR WRITES GOVERNOR TO BALK MOHANSIC SEWER

Not Believed Mitchell Understood Plans When He Sent Whitman Letter.

SCHOOL IS INVOLVED.

Boys' Training Institution Also Figures in Plan Under Consideration.

Mayor Mitchell wrote a letter to Gov. Whitman today asking him to do all in his power to prevent the carrying out of the sewer plans of the New York State Training School for Boys at Yorktown and the Mohansic Hospital until the courts shall have decided the suit brought by the City of New York.

"I make this request with confidence," wrote the Mayor, "because I realize that the plans as advertised must have been adopted without your knowledge, as they provide for a method of sewage disposal which is quite contrary to your views concerning the same and the assurance contained in your letter of Sept. 29 last."

It is not believed that Mayor Mitchell saw the plans of the proposed sewer for the two State institutions when he wrote his letter to Gov. Whitman. These plans show a sewer leading directly from the institutions to Mohansic Lake. There is nothing in the plans, which are drawn by State architects, to indicate that the sewage is to be pumped into the Hudson River.

The sewer plan was approved Sept. 20 last. On it appears what purports to be a signature of Gov. Whitman himself; William A. Orr, his secretary, who signs the plans as Secretary of the State Board of Charities; Conservation Commissioner George D. Pratt; William R. Stewart, President of the State Board of Charities; Lindsey R. Williams, Deputy State Commissioner of Health; W. A. Malory Jr., President of the State Commission, and the Board of Managers of the Yorktown Heights Institution.

Edward J. Hatch Jr., Chairman of the Pollution Committee of the Merchants' Association, today vigorously attacked Gov. Whitman for the stand he has taken regarding New York City's suit to prevent the contamination of Croton drinking water by sewage from the Mohansic State Hospital and the Yorktown Heights Training School for Boys. Yesterday Corporation Counsel Lamar Hardy obtained from Supreme Court Justice Keogh at White Plains an order to show cause why an injunction should not be granted restraining the two State institutions from proceeding with the plans for emptying their sewage into Croton Lake, one of the chief sources of this city's drinking water.

To-day Mr. Hatch was interviewed at his office by an Evening World reporter. He is a member of the committee of prominent men who have fought a long time against contamination of the Croton water.

"Gov. Whitman has either been grossly deceived by his subordinates or he himself is a party to the plan to pollute New York City's water supply," declared Mr. Hatch with emphasis.

Continuing, he says: "In this morning's papers Gov. Whitman says: 'None of the sewage from the Mohansic State Inmate Hospital or the Yorktown School will go into Mohansic Lake and Croton Pond.' 'Yet the plans for the sewage disposal plant at these institutions leading from the disposal plant into Mohansic Lake and Croton Pond. Gov. Whitman signed the plans and specifications which include the above paragraph. If he did so unknowingly he is the victim of his subordinates. If he did so with full knowledge, I cannot understand his statement in this morning's papers. Furthermore, Gov. Whitman has no power to carry out the promise he makes to pump the effluent at some future date into the Hudson River. 'This plan requires legislative action and a further appropriation. Besides, it is intended in the future to discharge sewage from these institutions into the Hudson River, why has Gov. Whitman signed plans calling for the construction of a sewer leading 600 feet in the opposite direction and emptying into Mohansic Lake?'"

After quality it's the number of sheets in a roll of toilet paper that measures its value. The size of a roll or the number of rolls for a quarter do not indicate quantity. Toilet paper can be loosely wound to look bulky. "It's the Counted Sheets that Count!"

Scott's Toilet Paper has 1000 sheets to the roll printed on the label. Soft, white, absorbent. 10c a roll.

Scott's Toilet Paper has 1000 sheets to the roll printed on the label. Soft, white, absorbent. 10c a roll.

tion and a further appropriation. Besides, it is intended in the future to discharge sewage from these institutions into the Hudson River, why has Gov. Whitman signed plans calling for the construction of a sewer leading 600 feet in the opposite direction and emptying into Mohansic Lake?"

STONE FOR A STRONG NAVY.

Senator in Front Banks for Wilson's Plan of Preparedness.

WASHINGTON, Nov. 11.—"I go far there than most advocates of national preparedness, who say the Nation should be equipped to defend itself against attack. I want this country prepared to take the offensive when it may be necessary," declared Senator Stone, Democrat of Missouri, Chairman of the Foreign Relations Committee, who returned to the Capital today for the sixty-fourth Congress.

"I speak particularly for the navy," the senator continued. "I want a navy powerful enough not only to defend our coasts, but strong enough to go out on the high seas, for there might come a time when offensive action would be required. A navy strong enough for offense is a mighty guarantee against attack by other nations."

LIBERTY BELL HEADS HOME.

Starts on First Lap of Cross-Country Journey.

SAN FRANCISCO, Nov. 11.—Escorted by every available United States soldier and sailor here, national guardsmen and a huge crowd of civilians, the Liberty Bell which has been at the Panama-Pacific Exposition for several months was paraded through the streets today preparatory to starting on the return journey to Philadelphia.

From that Panama-Pacific Exposition here, the bell goes to San Diego to be displayed for several days at the Panama-California Exposition. It will then be taken to its home, Independence Hall, Philadelphia.

Mrs. Margaret K. Armour Dead. KANSAS CITY, Nov. 11.—Mrs. Margaret K. Armour, widow of S. B. Armour, the packer, died here today. She was eighty years old. Mr. Armour, who founded the Kansas City plant of Armour & Company, died sixteen years ago. Since her husband's death Mrs. Armour has been active in charity work.

It was the most popular newspaper serial ever published. Edgar Rice Burroughs, who wrote "Tarzan," has just written for The Evening World another novel of the African jungle, and his new story is even better in many ways than was "Tarzan" itself. It is called "THE MAN-EATER."

It will begin in The Evening World next Monday, Nov. 15.
